2nd Annual Workshop of the Cebama project

Collaborative Project within the
EUROPEAN COMMISSION / HORIZON2020

16th–19th May, 2017

**VTT Technical Research
Centre of Finland, Espoo**

General Information

The 2nd Annual Workshop of the Collaborative Project Cebama will be held in Espoo, 16th to 19th May 2017, hosted by VTT.

Cebama addresses key issues relevant for long term safety and key scientific questions related to the use of cement-based materials in nuclear waste disposal applications.

The project is implemented by a consortium with 27 Beneficiaries from EURATOM Signatory States, Japan and Switzerland. National Waste Management Organizations contribute to the running project by participation in the End-User Group, by co-funding Beneficiaries, and provide for knowledge and information transfer.

More info in www.cebama.eu

Workshop objectives

This workshop aims at providing a forum for discussion of scientific and technical project results, preparing for periodic reporting and planning on future project program.

The Project Workshops contribute to integration within the project and communication with a broader interested community.
